'Set up advisory body for state disaster management authorities'

MANGALURU, DHNS: Man-galuru-based doctor and Centre for Health and Development Chief Executive Dr Edmond Fernandes has filed a Public In-Chief Executive Dr Euhanna Fernandes has filed a Public In-terest Litigation (PIL) in the Supreme Court seeking the court's intervention to direct the Ministry of Home Affairs, Gov-ernment of India and Offices of the Chief Ministers and Princi-pal Secretaries – Revenue (Dis-aster Management to take ap-ster intervention to its top security for On an average, India losses pal Secretaries – Revenue (Dis-aster Management) to take ap-propriate steps to set up advisory body at the State Dis-aster Management Authority in all the states. As per the Disaster Manage-ment Act 2005, it is mandatory to have an advisory body at the State Disaster Management Au-thority.

thority. In the PIL, Dr Fernandes Vs Union of India and others, the petitioner has prayed to the court to order the formation of such a body involving all stake-holders, like public health doc-tors, public health engineers, social scientists, architects, town planners and journalists so that disaster preparedness, re-sponse, relief and rehabilitation are effectively carried out with proper drills and capacity build-ing exercises from time to time.

The petitioner has stated in the PIL that he has been deeply moved by the tragic stories of loss and grief during disasters

as people work a lifetime to build something and nature takes it down in few minutes. The need to give attention to disaster management is long

sion if we do not prepare for addressing the grave public health issue of disaster management and prevent a watershed mo-ment for development. Disas-ters lead to disruption of health Iton.change are compelling enough
