US govt selects city doctor as Legislative Fellow

TIMES NEWS NETWORK

Mangaluru: A Mangaluru doctor has been selected as a Legislative Fellow, a fellowship supported by the US department of state.

Dr Edmond Fernandes,

founder & CEO, Centre for Health Development Group, is among the 12 persons selected for this fellowship from India. He will leave for the US in October.

The aim of this fellowship is to understand and establish networks among the mid-level professionals in the

US and India. They will be exposed to the working of the US government departments besides knowing about public policies and relevant streams related to the core nature of their work.

Dr Fernandes, adjunct faculty, dept of public health, KSHEMA, Nitte University, will seek to build and strengthen the Indo-US partnerships in terms of public health and policy domains.

In the US, he will be travelling to Washington DC, Pennsylvania and New York. Dr Fernandes will be majorly working in the city of Philadelphia, where the declaration of Independence and the Constitution was signed.

The legislative fellowship will also focus on the structure of the US government, the legislative processes, role of civil society and the impact of good governance on the lives of civilians.

He will also engage in civic leadership engagements and grass-root level activities while in the US. He will also meet the professionals and the US government officials during the Professional Fellows Congress.

As part of the fellowship's diplomatic mandates, he will host an American counterpart during their visit to India. The legislative fellowship is managed and implemented by the World Learning Inc.

Print report by The Times of India – Mangaluru Bureau
